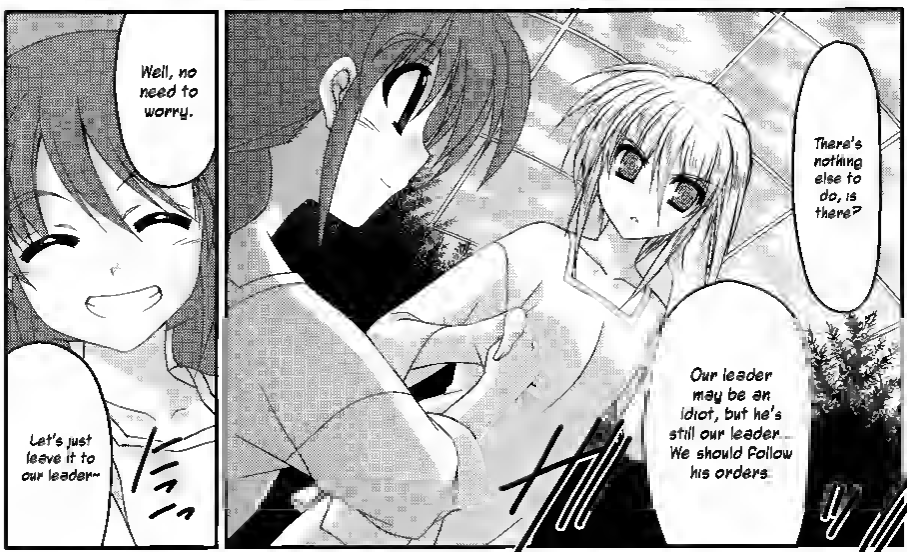
Isn't your ability some stupid and useless power to "send for things?"
Ability?
Well, if you wanna be blunt about it, I guess it is those two things.
So how're you planning to use that in this situation?
Even if you called for our weapons or Dividers, this place is in the middle of the ocean. So that wouldn't help us hoof it out of here, now would it?
Well, with my ability and some scissors, I can make something useful.

I want you guys to get somewhere where the guards can't see you. The bathroom'll work.
If you can manage to get all three of you there at the same time, gimme a shout.

How about it, Lolo, Quinn?



There's nothing else to do, is there?
Our leader may be an idiot, but he's still our leader... We should follow his orders.
Well, no need to worry.
Let's just leave it to our leader~

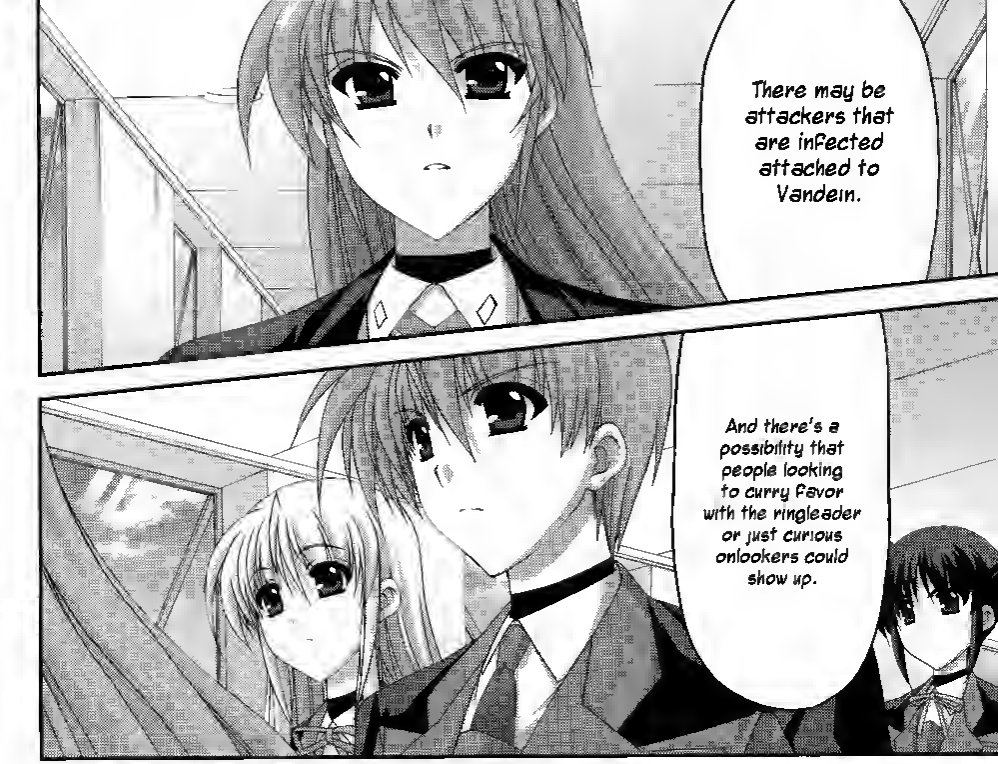
Midchilda East End Division
Rezona East Central Prison
It's because this prison is holding a suspect in a rather large incident.
Tea!
This is another remote location, huh
It's to prevent aggressive investigations, but also to avoid damage on the off chance that an escape or raid occurs

Is Hades being cooperative?
Yes.
Somehow he's getting along a little too normally.
Why's that?
Because you're the kind of person that doesn't have a good grip on right and wrong, so it'd be bad if you started sympathizing or agreeing with him, wouldn't it?
Today is an escort mission to the ground HQ, but...
We must take special care to avoid Thoma and Lily coming into direct contact or communication with Hades...

I TOLD YOU, THAT'S...
You get that friendly feeling from the Huck and Grendel guys, even when all of us are sure "you're imagining it."
I wonder~
I'm sure that's not why.
Uu~
That's right, Isis.
Now, Now, you two. LET'S GET ALONG!
Lily and I are not to come into direct contact with Hades without orders to the contrary.
Airight, now repeat it!
It's best if you don't know the reason why the order was given so you can continue to move freely. For now, just know that contact is prohibited.

Oh right, we brought lunches!
We brought portions for Shari and Wendy's group too!
Wow, really?
This is the plan for this mission.
Yep. Very good!
We will be escorting Hades Vandein
Also, Erio, Wendy, and I shall be on distant ground guard.
Adjoining guards will be Subaru and Teana
Aerial observation will be handled by Fate and Caro



There may be attackers that are infected attached to Vandein.
And there's a possibility that people looking to curry favor with the ringleader or just curious onlookers could show up.

Because we don't know what might come, you've gotta buckle down on this guard duty.
RIGHT?
Yeah... And it was still a close call for us against those Grendel members.
And they might not be restricted to easy to deal with kids like the Grendel gang.

You guys think they won't show up?
Ah. What about the Huckebein...?
There is a bit of concern that they may hold some animosity toward Vandein, but that doesn't necessarily mean they'll go out of their way to mount an attack.
So for the time being, just worry about doing your guard duty.
RIGHT!
Then we'll split up here for the time being!
Right!
You three follow Erio's orders!
And thanks for the lunches! We'll gladly enjoy them!

Alright, then. Let's go meet up with Erio.
They said Erio would be in the parking lot
Since Erio's driving the car, I guess that means I'll be riding the bike.
If that's the case, shall we switch~?
Ah, no... It's nothing!
Hm~ So Thome and the Special Duty's young'ins are here after all.
Something wrong, Lily?

Wonder if Thoma noticed us?
ヒュオォ
No way. That little shit doesn't have the ability to sense enemies like that yet.
You think?
Well, if that's the case, it saves us some pointless trouble.
Well now, what kind of data will I be able to pull from Mr. Vandein?

The location of the "Seed of Origin" and a way to get our hands on it.
I'm sure he'll know.

Maritime Protection Facility
I'm in a private room, alright?
Well, this'll be my first time displaying my ability to Mariya and Quinn
O~kay, O~kay
We're out of sight and okay too~
Here we go. "The World is in My Hands."

Wha
Wha...!!
プル
プル
プル
This is the evolution of head's ability to "send for things."
I was a little worried if we'd clear the conditions for it, but I'm glad everything went fine.
HAH HAH HAH! THIS IS MY HYPER POWER!
ぱ!!
ん!!

Kurt's Ability, "Import," has conditions attached to it.
Wait a sec I'll get your original clothes back for you
Oops, looks like I screwed up the settings a bit
PERVERTED LEANER!
YEAH, IT'S GREAT, BUT WHERE ARE OUR CLOTHES?
But first I'm gettin' mine
2) The target(s) must be at rest wherever he is removing them from
1) The item(s) Kurt is sending for must exist in the same dimensional plane as Kurt himself
(To clarify, they must be "things which Kurt himself has no doubt are mine." Therefore, stolen goods are first considered "his" when they are taken back to their base.)
3) And lastly, the targets must be "Kurt's posessions."

!
むにゅっ
Quinn, Lolo, grab onto me.
he can freely call for those people's belongings as well.
"The World is in Your Hands."
Also, when those Kurt considers "family" are in contact with him
THIS IS MY DIVIDER!
ぺりぺり

...Understood
Don't let it get taken again, okay? Hold on to it.
...Cramped.
Get changed first. I'd like to go back to the base~
Yeah, I'm gonna, but first let me hit you once. No, let me hit you five or six times.
Come on, hurry up and get dressed.
YOU GUYS!? WHAT'RE YOU...!?
UWAAH!?

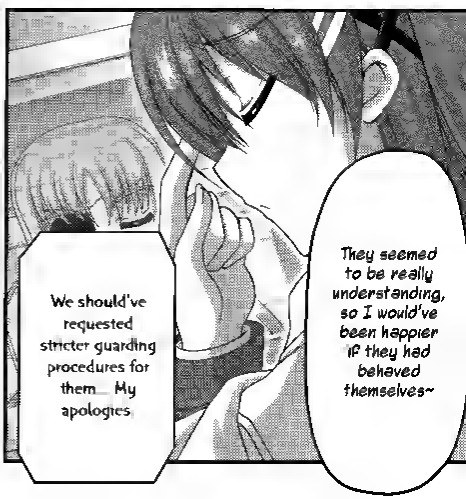
EMERGENCY NOTIFICATION! THE FOUR MEMBERS OF THE GRENDEL GANG HAVE ESCAPED!
THEY HAVE BROKEN THE OUTER WALL AND ESCAPED TO THE OPEN OCEAN!
You say that, but we definitely stole this.
WA~H HAH HAH! NOW THIS BOAT IS MINE TOO!
WE'RE GOING OVER MACH SPEED~! HOLD ON TIGHT~
BUT THIS IS LOLO'S SUPER ELECTROMAGNETIC CRAFT!

KICKASS~
YAHOO~!!
Special Section Six Cruising Warship "Wolfram" Ship's Command Room
THE GRENDEL GANG ESCAPED!?
There appear to be no casualities within the facility, but... We've been had.

Right.
No, it's fine. It's just one more thing we lent them.



We should've requested stricter guarding procedures for them... My apologies.
They seemed to be really understanding, so I would've been happier if they had behaved themselves~

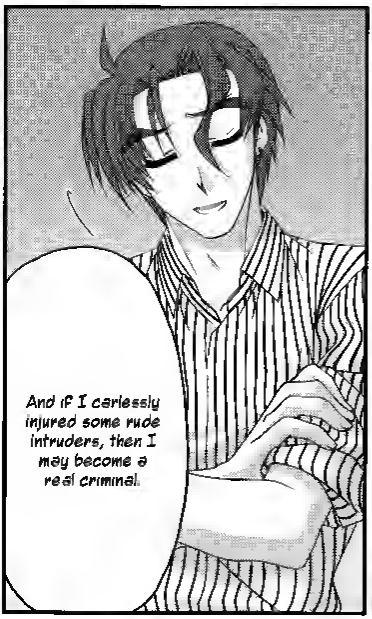
That said~
Captain Takamachi, above the scene, permission to fire granted
Understood

NUWAH~!?
Long Range Cannon. Explosive armor piercing round.
FIRE!

Bingo!
Thanks for the assist, Raising Heart.
Boat destroyed I'll be cooperating with the facility's helicopter to recover those four
Yep, I'll leave you to it~
Can you hear me?
Keep the naughtiness in moderation~
Wahaha! We failed!
'Cause Miss Ace was here~
Thoroughly... And instantly... At that...

Mr. Hades Vandein?
How strange You guys aren't with the prison, nor are you visitors.
Yes, yes... Hm?
It's time for the transport. Please come out
Just who might you be?

Huh?
I should've killed the alarm system, but...
that's been dying to meet you.
Just a humble family



And if I carlessly injured some rude intruders, then I may become a real criminal.

I'm just an innocent civilian who's been arrested due to an unFortunate misunderstanding.
How troubling

How surprising! You planned on hurting us?
Saying something like that on our first meeting makes this a little awkward, doesn't it?
Holding your head so high in front of me.
